TALK OF AN ALLIED EXPEDITION TO MEXICO CITY SIMI-LAR TO THE ONE WHICH WENT TO THE RELIEF OF FOREIGN LEGATIONS AT PEKIN DURING THE BOXER UPRISING IN CHINA BEING HEARD IN OFFICIAL QUARTERS

(BY ASSOCIATED PRESS)

WASHINGTON, D. C., March 5 .- President Wilson is confronted by one of the most serious and perplexing developments that has yet arisen in the Mexican situation. Mexico City is on the verge of starvation and General Obregon, the Carranza commander, refuses to permit the International Relief Committee to succor the needy, saying "Mexico needs no foreign aid."

All merchants who have closed their stores have been ordered to re-open them under the threat of punishment. Three hundred people, all Mexicans have been imprisoned. People of the city are living in terror of another evacuation since Obregon has announced he will not prevent looting.

The Brazilian, British, Spanish and Italian ambassadors called separately at the State Department today, with pessimistic reports on the situation corresponding with the American reports. They suggested no solution.

Secretary Bryan announced tonight that he had sent an urgent telegram to Consul Sillman with instructions to lay the situation earnestly before Carranza so Obregon may be directed to accept
